LocalGovU

PREMIER ONLINE TRAINING
FOR PUBLIC ENTITIES

Develop strong government leaders with effective training management.

LocalGovU Overview and Features

LocalGovU's learning management system streamlines the training experience for your organization. Combining online courses, training workflow and training event management with skills development tracking – the full spectrum of training needs are covered in one modern platform. With more than 3300 courses and flexible features, LocalGovU provides a comprehensive training solution to reduce liability and mitigate risk within your organization. By improving education and employee engagement, LocalGovU is helping develop the leaders tomorrow.

LocalGovU is proud to be a part of Praetorian Digital, whose online training portfolio includes EfficientGov, CorrectionsOne Academy, PoliceOne Academy, FireRescue1 Academy, and EMS1 Academy – all leading authorities in the public safety and local government industries.

Learning Management System and Features

Meet Mandates and Reduce Risk

Assign Courses – access a robust library of online courses for local government and public safety (accredited in 38 states for law enforcement, CAPCE-Accredited for EMS)

Create Custom Courses – move your department-specific training into an online format with our custom course builder

Training Calendar – view assignments, credentials, training events and more in either a student or administrator view

Flexible Reporting – create recurring or on-demand reports for tracking compliance of personnel assignments

Department Homepage – customize your account to match your organization's logo and use the bulletin board to share important information

Improve Workflows and Productivity

Policy Management – host your organization's policies for dissemination to personnel and require electronic signatures and / or testing

Track Offline Training – track every activity completed in your organization, including in classroom, at seminars, conferences, webinars, and more all in our platform

Manage Credentials – manage and track credential renewal by level, state, and category, with specific course or topic requirements where necessary

Shared Resources –upload and share training resources with other organizations in the Academy community

Analytics Dashboard – quickly view activity status of course assignments and required policies

Eliminate Paper-based Solutions

API's/Integrations – seamlessly login via single sign-on (SSO) and share data with other systems

Track Sequential Training – track activities (including videos, skills and exams) and capture digital signatures to ensure successful skills development and mitigate risk

Digital Forms – create and assign situational evaluations and customized forms using the EVALS module for tracking skills development and field training

Event Management– manage cross-organizational training and instructor-led training for live events at your organization

Course Listing

The Largest Training Library for Local Government and Public Entities

LocalGovU offers a broad range of courses for state and local government employees that can be used to strengthen existing skill sets or drive successful professional development. Serving government organizations at the state and local level, LocalGovU strives to address the urgent need for quality training and continuing education. The affordability and convenience of 24/7 access to 3300 e-learning courses allows employees to balance the demands of their work schedules by providing practical and informative self-directed training. LocalGovU is dedicated to providing the dynamic training content and a customized learning platform your entity needs to reduce risk, limit workplace accidents and improve productivity.

Training Challenges

Your organization is faced with a number of challenges, including mitigating department risk and providing increased transparency to the communities that you serve. Below are a few ways you can overcome those obstacles and limit liability exposure using LocalGovU.

| Meet Department Training Requirements | Communicate Citywide Training Mandates | Track Offline and Sequential Training | Utilize Digital Forms | Accurately Report All Training Completed | Decrease Organization Liability | Develop Future Leaders | Manage Policies for Compliance |

Learning Solutions for Your Municipality

LocalGovU's training network consists of local government, as well as all facets of public safety, including law enforcement, corrections, emergency medical services and firefighting. The programs and courses offered in each vertical are specific to the subject-matter areas relevant to their profession and are based on standards and competencies crucial to doing those jobs. When purchased together, the Academy platform provides a complete training program for an organization that optimizes performance and closes skills gaps.

CorrectionsOne Academy – With more than 200 courses and 300 videos covering more than 20 mission-critical topics, CorrectionsOne Academy provides high-quality, online training serving officers and facilities in corrections, probation and parole. Facilities are able to streamline new hire documentation and track policy compliance to simplify the onboarding process with CorrectionsOne Academy's modern solution.

PoliceOne Academy – Accredited or approved for re-training and recertification in nearly 40 states, PoliceOne Academy's dynamic learning management system offers more than 1100 videos and nearly 375 courses covering over 30 different topics. PoliceOne Academy provides police departments a platform to help meet annual training mandates, deliver quick videos during roll call, and track officer progress so that administrators can maintain compliance.

FireRescue1 Academy – Offering a comprehensive suite of nearly 450 courses and 450 videos for fire and EMS, FireRescue1 Academy allows busy firefighters to train anytime, anywhere. FireRescue1 Academy's modern platform allows fire departments a training solution to maintain license or credential compliance and track training for ISO.

EMS1 Academy – Whether you need to keep up with training records or meet CE requirements, EMS1 Academy provides access to more than 350 courses, totaling more than 325 hours of training accredited by the Commission on Accreditation for Pre-Hospital Continuing Education (CAPCE). EMS1 Academy offers agencies a system to maintain license or credential compliance for their personnel using accredited courses and automated reports to track progress and completions.
